

Customer History One Page Report

One of the new reports in Kitomba Series 5.0 is the Customer History-One Page report. This report let's you see a full appointment calendar for a staff person and a history report for the client on the same one page.

Go to the Reports tab and click on **Customer History One Page Report**

The report will open in a web browser window. The left hand column will show a calendar for the day and the right hand column will show the clients name and history.
